Updates

Clarichem Ltd. Excels in Sales as well as in Textiles Business Competition

Recently we have introduced our unique product IMEROL Blue, also called Blue Magic for pretreatment for cotton knit goods & Cotton Yarn. So far we have completed trial in about 30 factories and in each case customers were highly

time .Many of them already ordered IMEROL BLUE by opening to L/C and currently involved in regular bulk production. To save our environment by reducing resource this product will have a positive

satisfied by seeing its water reduction capacity & also

impact on the environment.

*“CLARICHEM LTD with its highly professional team quickly established itself as a reliable Dyes & Chemical supplier in Bangladesh market.”
– MD. Omar Ali, Managing Director, Clarichem Ltd.*

Progress

In March, 2014 we have added one more customer in our client list named Stearling washing. They opened LC for one of ARCHROMA'S specialty product INDOSOL DYES (direct dyes). This dyes has been developed considering the customer need and maintaining the highest standard.
